

India's Largest Mattress Manufacturer

BUSINESS OBJECTIVE

A leader in Polyurethane (PU) Foam and committed to bringing comfort, convenience and luxury to their customers and within the organization, through adoption of advanced IT technology.

SOLUTION PROPOSED

We understand the Data Center architecture design and are in the process of implementing DC setup and entire passive cabling in DC room. In recent past, we have also implemented seamless P2P, P2MP and Wi-Fi connectivity while keeping communication reliability, security and speed on priority.

IMPACT TO BUSINESS

Achieved a cable-less communication for their men and machines, at their vast manufacturing plant.
